Dear Henry,

Thank you for allowing us to provide a quotation for your entry system at the above address.

Please find enclosed our quotation. This system is designed to give the best possible protection, using quality materials, at the most competitive price.

As a professional security company, we are an approved supplier, recognized by the SSAIB, or Security Systems and Alarm Inspection Board. This means that installation, commissioning and maintenance of your system (as well as meeting your complete satisfaction), will also have to comply with all relevant British Standards. In addition, the inspectorate could also review your system.

Once you are completely happy with your quotation, please call to book a suitable time for installation. We will require the quotation to be accepted by signature which we will send to your electronically.

Should you have any queries or comments about any aspect of our service or equipment, please do not hesitate to contact me.

Assuring you of our fullest attention at all times.

Yours sincerely

Matt Morrell  
Safe Simple Secure Ltd

Notes:

This quotation is based upon uninterrupted access to the working area during normal working hours, which are Monday to Friday 8.30am to 5pm, unless otherwise stated.

This quotation is valid for a period of Twenty-Eight Days and subject to confirmation thereafter.

The price includes a 1-year warranty from the date fitted.

The quote is based on the electrical side of the system only. Any joinery work, alterations to doors, door closures and gates would need to be done by other trades.

Although every attempt is made to fit the system without any damage to the external wall, sometimes it is difficult to find a product that matches the exact size of the previous system or available surface area for the panel to be fitted to. Any damage would be fixed using the white filler our engineers carry but left to match by the customer.

**Should this quotation be accepted, 50% deposit will be required prior to installation; final 50% payment will be due on completion of the installation. We are a small company and prompt settlement would be appreciated. We accept payment by debit card/credit card/AMEX either by phone or from your invoice, bank transfer, cash or cheque.**

We can only deal with one point of contact (the addressee) in all aspects of the installation. All monies are to be collected by this person.

Any costs associated with the recovery of unpaid accounts will be added to the outstanding amount. Interest on any outstanding debt is charged at 8% per annum.

Any goods supplied remain the property of Safe Simple Secure Ltd until paid in full.

Date:

What happens next?

Once we have received confirmation that you wish to proceed, we will confirm a date for the installation. Thereafter we will send you 2 invoices by email unless you have requested these to be sent by post. The first invoice is your deposit invoice and is due 7 days prior to your installation date. The second invoice is your balance invoice and due on completion.
